PROFILE

I am a passionate Web Developer and Designer with hands-on experience in creating responsive, user-friendly websites and applications. My expertise includes HTML, CSS, JavaScript, React.js, Node.js, Express, MongoDB, Firebase, WordPress, PHP. I specialize in building full-stack web applications, designing modern UI/UX layouts, and delivering efficient, scalable solutions tailored to client needs. I've worked on personal, academic, and freelance projects, including e-learning platforms and e-commerce sites. and I aim to bring creativity, performance, and problem-solving to every project I undertake.

WORK EXPERIENCE

- Freelance Web Developer & Designer   **2024- PRESENT**

  - Built and deployed multiple web applications using MERN stack (MongoDB, Express.js, React.js, Node.js), Firebase, and Next.js.
  - Designed responsive and user-friendly websites with HTML, CSS, JavaScript, and Tailwind CSS.
  - Developed and maintained WordPress and Shopify websites for local clients with custom themes and plugin integrations.
  - Created RESTful APIs and integrated third-party services for backend functionalities.
  - Worked on projects like EduGameHub, an e-learning platform with video playlists, games, blog features, user login/signup, and admin dashboard.
  - Focused on delivering clean, optimized code and ensuring excellent user experience across all devices.

CERTIFICATIONS

- **Full-Stack Web Development Bootcamp – Udemy**
